

**Fabric adhesive tape, light green, Width×length (mm× m): 38X50****Order data**

Order number	083606 38X50
GTIN	4042448529725
Item class	08M

Description**Version:**

The **tesa® 4621** is a general-purpose fabric adhesive tape suitable for use outdoors. It can easily be torn by hand both across and along the tape. In addition it offers the tape can be gently **unrolled or rolled up**, is watertight and resistant to UV. It can be removed up to 8 weeks from application, leaving no residues.

With the tesa® 4671 fabric tape in neon colours, you can master various tasks safely and reliably – particularly when marking various elements or in the event field!

The tesa® 4671 fabric tape is available in fluorescent neon colours and is often used by specialists for visible marking of various elements or as part of events. It is suitable for a wide variety of applications such as marking, fixing, securing or binding. tesa® 4671 can be easily torn by hand, is easy to mark, does not reflect and can be shaped. The combination of acrylate-coated fabric and adhesive made from natural rubber ensures high abrasion resistance. The fabric tape can be removed leaving no residue and is available in the following colours: neon green, neon yellow, neon orange and neon pink.

Note:

The specified "best before" date for tesa® products is in relation to compliance with the specified storage guidelines.

Technical description

Fabric fineness	100 mesh
Tensile strength	540 N/mm
Length	50 m
Storage humidity	50 - 70 %
Liner present	no
Width	38 mm
Storage temperature	15 - 25 °C
temperature-resistant up to	95 °C
Adhesive strength on steel	34 N/mm
Thickness	0.13 mm
Stretch capability	22 %
Type of adhesive tape	single-sided
Colour	light green
Backing material	Fabric
Manufacturer's designation	4621
Adhesive	Acrylate
Product name attribute	light green
Type of product	Adhesive tape
