## Side panel for roller shutters, Drawer 24G deep, suitable for column frame height: 2500mm

### Order data

|              |               |
|--------------|---------------|
| Order number | 935516 2500   |
| GTIN         | 4062406276492 |
| Item class   | 9GK           |

### Description

#### Application:

To cover the fronts of the side walls, sheet metal angle plate, 30 mm wide.

#### Colour:

Light grey RAL 7035, **powder-coated**.

#### Note:

If a side panel is used, you need only a sheet metal panel No. 935040; 935045 or end bridging rail No. 935442; 935462 on the inside of the column frame.

For reasons of stability we recommend that side panels should be fitted at the left and right ends of the rack.

When roller shutters are installed, a higher side panel is generally necessary.
