

# GARANT Master Alu solid carbide high-performance reamer HPC blind hole, DLC, Nominal Ø DC: 4H7mm

### **Order data**

| Order number | 164405 4H7    |  |  |
|--------------|---------------|--|--|
| GTIN         | 4062406282127 |  |  |
| Item class   | 10P           |  |  |

# **Description**

#### **Version:**

**Special** HPC reamers of the latest generation, **for machining aluminium**, with improved tooth geometry and further developed carbide substrate. Extra-short teeth for increased cutting performance values. Optimised cooling strategy with radially arranged coolant outlets aligned directly to the teeth. **Version suitable for NC** with straight shank  $\varnothing$  for standard arbors especially in **hydraulic chucks** or **high precision collet chucks**. Very high concentricity and process reliability due to unequal spacing of the teeth and special profile of the round chamfer width.

Version with DLC sp<sup>2</sup> coating.

#### **Tolerance specifications:**

**Configurable:** Reamers finish ground to match your specification.

H7: Version to DIN1420 for H7 bore tolerance.

## **Application:**

Special version for blind holes.

# **Technical description**

| Tolerance                   | H7         |  |  |
