

SONO+SWISS®

Corrosion protection, Capacity l/kg: 25**Order data**

Order number	082931 25
GTIN	
Item class	04E

Description**Version:**

Suitable for metallic materials susceptible to corrosion, such as steel, cast iron and carbides. These materials are coated with a covering of a molecular thickness, which temporarily protects them against corrosion. Subsequent coatings (PVD, CVD) or hardening processes are unaffected.

Application:

For ultrasonic cleaning baths (such as No. 082922; 082923; 082924; 082925).

Dosage: 0.05 – 0.5 % (with T2) 0.2 – 0.4 % alone.

Note:

Other special cleaners and other container sizes available on request. 25-litre drums are available in the online shop.

Unavailable in some countries.

Labelling of hazardous substances: GHS05: Corrosive

Technical description

Mixing ratio	0.05 – 0.5 %
Mixing ratio	0.2 – 0.4 %
Labelling of hazardous substances	GHS05: Corrosive

Fill capacity liquid	25 l
Manufacturer's designation	AK
Type of product	Corrosion protection
