

uvex**Pair of chemical protection gloves uvex u-chem 3500, Glove size: 11****Order data**

Order number	094756 11
GTIN	4048612084922
Item class	04W

Description**Version:**

uvex u-chem 3500. Due to the combination of nitrile rubber and chloroprene, these gloves offer very good protection against a wide variety of chemicals. They have very good resistance to acetone, cleaning agents, adhesives and solvents. High wearing comfort due to their seamless cotton liners. Safe handling of warm objects up to 100°C contact heat.

Category III safety gloves.

Note:

The minimum order quantity corresponds to one pack unit quantity (VPE) or a multiple thereof.
