Description

Version:

The **breathable high visibility winter jacket** is windproof and waterproof and has a **mesh inner lining**. Due to the **mechanical stretch**, the jacket offers excellent wearing comfort. The jacket has **50 mm wide reflective strips** at the bottom of the back, the sleeves and the shoulder areas. There are also reflective details on the hood. The jacket has a **concealed zip fastener**, which makes textile customisation easy. The areas that are more susceptible to dirt feature a marine blue material.

- **Welded seams.**
- **Removable and adjustable hood.**
- **Fleece in the neck area.**
- **Pre-shaped sleeves.**
- **Extended back.**
- **Adjustable waistband with pull cord.**
- **Recessed ID pocket.**
- **Spacious pockets such as front pockets and breast pockets.**

Standard:

EN 342; EN 343 Certified to EN ISO 20471, class 3.

Note:

Blåkläder high-visibility category C for combined certification.
