

## Heavy Duty adhesive tape Length 50 m, Type: BLACK

### Order data

Order number	964981 BLACK
GTIN	4042448572097
Item class	97M

### Description

#### Version:

Self-adhesive floor marking tape **tesa® anti-slip Heavy Duty 60954** for indoor and outdoor use. Developed for continuous heavy-duty applications and extreme conditions, e.g. for use with construction vehicles or on platforms and ramps. Adheres securely to most surfaces, resistant to salt water and chemicals, good weather resistance. Adhesive tapes consist of a PVC backing coated with extra-large particles. **Non-slip properties R13 (R12 for size B/Y). Thickness 1.36 mm.**

#### Standard:

DIN 51130.

### Technical description

Type of adhesive tape	single-sided
Stretch capability	35 %
Backing material	PVC film
Tensile strength	400 N/mm
Adhesive strength on steel	70 N/mm

Special features	tearable by hand
Length	50 m
Thickness	1.36 mm
Application	Marking
Width	50 mm
Colour	black
temperature-resistant up to	80 °C
Adhesive	Acrylate
Type of product	Floor marking tape
