

**Heavy Duty adhesive tape Length 50 m, Type: GREY****Order data**

| | |
|--------------|---------------|
| Order number | 964981 GREY |
| GTIN | 4042448572110 |
| Item class | 97M |

Description**Version:**

Self-adhesive floor marking tape **tesa® anti-slip Heavy Duty 60954** for indoor and outdoor use. Developed for continuous heavy-duty applications and extreme conditions, e.g. for use with construction vehicles or on platforms and ramps. Adheres securely to most surfaces, resistant to salt water and chemicals, good weather resistance. Adhesive tapes consist of a PVC backing coated with extra-large particles. **Non-slip properties R13 (R12 for size B/Y). Thickness 1.36 mm.**

Standard:

DIN 51130.

Technical description

| | |
|----------------------------|---------|
| Colour | grey |
| Adhesive strength on steel | 70 N/mm |
| Length | 50 m |
| Application | Marking |
| Width | 50 mm |

| | |
|-----------------------------|--------------------|
| Stretch capability | 35 % |
| temperature-resistant up to | 80 °C |
| Adhesive | Acrylate |
| Backing material | PVC film |
| Thickness | 1.36 mm |
| Special features | tearable by hand |
| Type of adhesive tape | single-sided |
| Tensile strength | 400 N/mm |
| Type of product | Floor marking tape |
