

## PURIFIAIR filter set, Type: 620

### Order data

Order number	981082 620
GTIN	4250101189531
Item class	90N

### Description

#### Version:

Multi-component filter unit for PURIFIAIR 620 air cleaner.

Filter unit consisting of:

- **Washable metal fabric pre-filter for separation of coarse dust, for relief of the subsequent filter stages.**
- **G4 pre-filter for separation of coarse contamination, leads to an extension of the service life of the filters (particle size > 10 µm, including pollen, spores, fluff, hair, insects etc.) and to protect the subsequent filter stages.**
- **EPA filter, filter class E12 for separation of medium-size particles (particle size > 0.3 µm, including bacteria, germs etc.).**
- **HEPA filter, filter class H14 in accordance with EN 1822 for separation of micro and nano particles with efficiency of up to 99.995% (MPPS, including viruses and germs).**
- **Activated carbon filter absorbs unpleasant odours and gaseous pollutants.**

#### Note:

In the long run, the air purifier only provides an efficient result if the filters used are changed at regular intervals. Recommendation: 2 - 3 filter changes per year (depending on the extent and frequency of use and the level of air pollution).

### Technical description

Volume of particulate-purified air	620 m <sup>3</sup> /h
------------------------------------	-----------------------

suitable for	PURIFIAIR 620
Series	PURIFIAIR
Type of product	Air cleaner
