

Chipboard shelf level inserted, for racking depth 1100 mm, for racking width: 2700mm

Order data

Order number	992524 2700
GTIN	4052941905124
Item class	95S

Description

Version:

The 38-mm-thick, normally compacted chipboard shelves are inserted between the profile of the longitudinal cross beams using depth inserts.

The load capacities stated apply to an evenly distributed load.

Note:

The chipboard is flush with the cross beams, so that even if the stores handling equipment is not positioned exactly, the shelf remains in the depth insert.

Depth: 1100 mm

Thickness: 38 mm

Number of depth inserts: 6

Shelf load capacity: 2500 kg

Technical description

Depth	1100 mm
Thickness	38 mm
Number of depth inserts	6
Application range	Pallet racking
Shelf load capacity	2500 kg

Product name attribute	for racking depth 1100 mm
Type of product	Chipboard shelf
