

Garant**Height element, Type: 1****Order data**

Order number	360068 1
GTIN	4045197816146
Item class	310

Description**Version:**

The zero point clamping of the GARANT ZeroClamp system is an important function for modern production systems, especially in automated production. Thanks to a special contact interface, it ensures precise and reliable zero point repetition accuracy. The pneumatic clamping force of the system holds workpieces securely in the desired position, making it possible to change workpieces quickly and accurately without repositioning. This reduces the set-up effort and increases productivity. The zero point clamping of the GARANT ZeroClamp system is indispensable for efficient production processes. Find out more about the innovative technology from GARANT ZeroClamp and optimise your production.

Application:

For extending the flexible clamp. Up to 5 height elements adaptable one over another.

Suitable for:

Flexible clamps No. 360060 and 360064.

Supplied with:

Anti-rotation protection and clamping stud No. 360131 18M12/120.

Optional extras:

Clamping stud No. 360025 for size 120. Torque wrench No. 656050 size 60.

Technical description

External Ø D	80 mm
Height H	50 mm
Torque	10 mm
Type	1
Series	ZeroClamp
Type of product	Height element
