

Core LED torch with batteries, Type: P3-CORE

Order data

Order number	081370 P3-CORE
GTIN	4058205028462
Item class	04B

Description

Version:

Ledlenser is one of the technology leaders for LED torches. Within the **splash-proof aluminium housing**, all the contacts are gold-plated, **high-quality lenses** gather the light uniformly and without losses. All lamps are equipped with focussable lamp head.

Core series Ledlenser, the new generation of the well-known P series. **Advanced Focus System (AFS)**

The Advanced Focus System is a combination of lens and reflector, thus incorporating the advantages of both systems. The result is an outstanding concentration of light in focus, together with a largely homogeneous unfocussed light beam. This makes the AFS one of the best focussing systems in the world for LED lamps.

Rapid Focus

Conventional focussing systems with twist knobs must be operated manually with both hands. Rapid Focus, on the other hand, allows quick adjustment of the light beam with only one hand.

Function:

IP54: Protected against splashed water from all directions and protected against penetration of dust into the inside (protected against dust), also completely protected against touching.

Supplied with:

Including batteries.

Technical description

Illumination	90 lm
Power supply	Battery-powered
Number of batteries contained	1

Illumination step 3	15 lm
Torch function	Focus
Overall length	100 mm
Manufacturer's designation	P3 Core
IP Index of Protection	IP 54
Head Ø	20 mm
Illumination time stage 3	6 h
Illumination time stage 2	4 h
Rapid Focus	yes
Battery type	Micro, AAA
Advanced Focus System (AFS)	yes
Bulb	LED module
Illumination step 2	50 lm
Illumination time	3 h
Weight	42 g
Type of product	Flashlight
