

Single-use cooling pack Instant Cold Pack, Type: 219600

Order data

Order number	098601 219600
GTIN	7310617300121
Item class	09X

Description

Version:

The instant cold pack relieves pain and swelling in the event of sprains, for example. The inner bag filled with water bursts when you apply pressure on the compress. This makes the cooling pack cold. Then press the compress on the injury for about 15 - 20 minutes. Place a towel or an elastic bandage between the skin and the compress. The cooling pack can only be used once. Dimensions: 146×216×25 mm (W×H×D).

Weight: 200g.
