

TAJIMA**Folding knife with a wide blade, Blade length: 65mm****Order data**

Order number	844460 65
GTIN	4975364267894
Item class	83M

Description**Version:**

Fold-away knife in compact size with sturdy and stiff blade. The handle of die-cast aluminium and non-slip elastomer prevents slipping, even when wearing gloves. Extra-wide blade for tough tasks. However, the very sharp blade also allows delicate cutting tasks to be performed. The safety mechanism prevents inadvertent opening and closing when using the knife. Ideal for vertical cutting due to the concave blade shape. The serrations on the upper side of the blade can be used for deburring. The eye at the end of the handle can be used to hold a key ring and for fall protection purposes.

Note:

Please comply with the relevant national offensive weapons regulations! Germany – WaffG § 42a Section 1 no. 3 permits the carrying of fixed-blade knives only for trade use, maintenance of traditions or participation in sports.
