Description**Version:**

WypAll® Essential™ 2-ply wiping paper is the ideal solution for light-duty wiping tasks. The paper cleaning cloths are suitable for effective and efficient wiping up of liquids, for spray-and-wipe cleaning/drying, and for cleaning and drying hands. The WypAll® brand embossing increases sheet strength thanks to the unique structure in the ply-bonds, also providing an enhanced look and feel to each cleaning cloth of the blue WypAll® L20 roll. The blue roll is also easy to recognise in contamination critical environments. These disposable cleaning cloths come with a value that you would expect of a single-use wipe, but they still have extraordinary tear resistance and absorbency, which reduces material consumption and costs.
