

## WypAll® X60 multi-task cleaning cloths Large roll, Type: W

### Order data

Order number	089285 W
GTIN	5033848042449
Item class	08T

### Description

#### Version:

The WypAll® X60 range has been specially developed for light-duty wiping tasks, especially where absorbency is required. Thanks to the advanced Hydroknit™ technology, these durable cleaning wipes are lightweight yet absorbent – for less residue and versatile cleaning for a wide variety of tasks. The absorbent cleaning wipes are perfect for use as industrial cleaning cloths and for removing grime from light oil, adhesives and deposits. They are also suitable for cleaning glass and high-gloss surfaces. WypAll® X60 multi-task cleaning wipes can be used with cleaning agents or disinfectants. These reusable cleaning wipes have been tested to check they are compatible for use in spray and wiping systems in conjunction with peroxyacetic acid, hydrogen peroxide, bleaching agents (sodium hypochlorite) and quaternary ammonium cations (quats). The compatibility with spray and wiping cleaning ensures that your employees themselves can clean their own work areas, vehicles, desks, seating and kitchen area before and after use. When the WypAll® X60 multi-task cleaning wipes are used for spray-and-wipe cleaning, workers can clean and disinfect their workspace in production facilities before handing over to the next shift.

### Technical description
