

Heated quilted jacket, black, Unisex size: L

Order data

Order number	091236 L
GTIN	4058546403584
Item class	03L

Description

Version:

- **M12™ heated jacket with carbon fibre heating elements and heating zones in the chest, back and shoulder areas.**
- **Up to 11 hours' run-time with one M12™ 12V REDLITHIUM™ battery charge (3.0 Ah).**
- **Slim design jacket made from lightweight and very resistant Ripstop polyester can also be worn as a mid-layer (100% polyester outer and inner material).**
- **Pleasant to wear even in rough, wet or windy weather conditions.**
- **Optimally positioned battery pocket allows the M12™ battery to be stored on the front or back for additional comfort.**
- **Several heating zones – 5 sewn-in carbon fibre heating elements distribute the heat to the most important parts.**
- **Easy OneTouch temperature setting – 3 heat levels: high, medium, low.**
- **Suitable for washing machines and driers.**
- **Battery controller included.**
- **New hood design.**
- **100% system-compatible with the MILWAUKEE® M12™ batteries.**

Supplied with:

Rechargeable battery and charger not included.

Available in a set with battery pack, charger and tubular scarf under No. 091238.

Note:

Before the jacket is stored, it must be cooled down and the rechargeable battery and battery holder must be removed. The carbon fibre heating elements must not be squashed. The rechargeable battery must not be stored with metal objects (risk of short-circuit). The rechargeable battery and the charger must not be opened up and must always be stored dry.
