

## Heated quilted vest, black, Unisex size: L

### Order data

Order number	091237 L
GTIN	4058546403638
Item class	03L

### Description

#### Version:

- **M12™ heated vest with carbon fibre heating elements and heating zones in the chest, back and shoulder areas.**
- **Up to 11 hours' run-time with one M12™ 12V REDLITHIUM™ battery charge (3.0 Ah).**
- **Slim design jacket made from lightweight and very resistant Ripstop polyester can also be worn as a mid-layer (100% polyester outer and inner material).**
- **Pleasant to wear even in rough, wet or windy weather conditions.**
- **Optimally positioned battery pocket allows the M12™ battery to be stored on the front or back for additional comfort.**
- **Several heating zones – 5 sewn-in carbon fibre heating elements distribute the heat to the most important parts.**
- **Easy OneTouch temperature setting – 3 heat levels: high, medium, low.**
- **Suitable for washing machines and driers.**
- **Battery controller included.**
- **New hood design.**
- **100% system-compatible with the MILWAUKEE® M12™ batteries.**

#### Supplied with:

Rechargeable battery and charger not included.

#### Note:

Before the vest is stored, it must be cooled down and the rechargeable battery and battery holder must be removed. The carbon fibre heating elements must not be squashed. The rechargeable battery must not be stored with metal objects (risk of short-circuit). The rechargeable battery and the charger must not be opened up and must always be stored dry.
