

Screw extractor with coarse flutes, Type: 2

Order data

Order number	082862 2
GTIN	4018754191925
Item class	04D

Description

Version:

Made of chrome vanadium steel. The sharp edges of the flutes dig into the drilled screw and allow it to be unscrewed. With square drive for use with tap wrench etc.

Application:

Suitable for aluminium, brass, stainless steel.

For extraction of broken off screws with right-hand thread (pre-drill the hole \varnothing as listed in the table; turn the screw extractor anti-clockwise).

Suitable for:

Aluminium, brass, stainless steel.

Note:

UNC and UNF threads available on request.
