

Pipe cutter for composite and plastic pipes, for pipe outer Ø up to: 26mm

Order data

Order number	819460 26
GTIN	4003773088714
Item class	86A

Description

Version:

For cutting composite and plastic pipes up to Ø 26 mm. With ergonomic multi-component grips and locking mechanism for safe transport.

Advantage:

- **Up to 60% less force required: freely rotating cutting wheel allows for low-friction rotation of the pipe when cutting.**
- **Optimum cutting result: the rotational movement allows effortless penetration of the cutting wheel with minimal deformation of the tube.**
- **Wide plastic moulded pads allow perfectly rectangular sections.**
- **Allows very short correction cuts.**
- **Separates aluminum composite and plastic pipes more easily than conventional shears with fixed cutter tool.**

Application:

Also for composite pipes with increased aluminum layer thickness (such as Geberit Mepla).

Material:

Special quality chrome-vanadium electro-steel, oil-quenched.

Spare part:

See No. 819461 size 1 for spare cutting wheel.

Technical description

for pipe outer Ø	26 mm
Length	210 mm

Weight	391 g
Number of cutter wheels	1
suitable for pipe material	Plastic
suitable for pipe material	Composite material
with ratchet function	yes
Type of product	Pipe cutter

Accessories

Spare blade for pipe cutter for composite and plastic pipes Type 1	819461 1
