

EFFBE**KE precision levelling pad, maximum load capacity: 2600kg****Order data**

Order number	086001 2600
GTIN	2050002075207
Item class	08Y

Description**Version:**

Levelling pad, holds a set level, with **non-slip coating**. Levelling is performed with a wedge actuated by a fine pitch adjusting screw.

Anti-vibration systems for machines. The decoupling of machines and equipment, which are sensitive to vibration, improves process reliability and accuracy. The inserted elastomers damp body noise, vibration and impacts, and ensure optimum production results with reduced noise levels. All mounts are easy to fit and have levelling adjustment.

Application:

For machines without fastening possibility and for machines which require specially stiff mounting.

Note:

Screw-through levelling pads available on request.

Machine mounts can be found in our online shop under No. 086002 – No. 086006. For higher loads and special applications further mounts are available on request.

Technical description

Width B	115 mm
Height H	40 mm
maximum levelling range (height adjustment Ni)	± 4 mm
Coating H _w	5 mm

Length A	115 mm
Type of product	Anti-vibration machine mount
