

**UV-FORM – work lamp with UV light****Order data**

Order number	081565 UV-FORM
GTIN	5708997354087
Item class	08C

Description**Version:**

UV-FORM – the most powerful UV lamp on the market. UV-FORM is a new cordless LED work lamp with powerful 1.5 W UV spotlight at the top. The UV-FORM is also equipped with the new COB LED strip light to provide unique, powerful and completely uniform lighting. In short, you get an indispensable universal work lamp and UV inspection lamp in one and also do not need special UV detection lamps. The ultraviolet light is used for leak detection on air conditioning systems using trace elements. It can also be used for leak detection on large, complex cooling/freezing systems, process cooling systems, heat pumps, etc. The FLEXible lamp head pivots 180 and the lamp is supplied with a strong built-in magnet and a sturdy rotatable hook for fastening to work belts.

Technical description

Bulb	COB LED
Power supply	Rechargeable battery-powered
Battery voltage	3.7 V
Type of rechargeable battery	Lithium-ion

Battery capacity	1.6 Ah
IP Index of Protection	IP 20
Type of product	Work lamp
