

Yale

Spur-gear block and tackle Yalelift 360°, Safe working load: 3t

Order data

Order number	086025 3
GTIN	4025092930901
Item class	08X

Description

Version:

Each spur-gear block and tackle is factory overload-tested and supplied with a user manual and test certificate.

The 360° rotatable manual chain guide permits operation from all positions. Designed for heavy-duty use. Satisfies the latest European safety regulations. The user is no longer forced to work in the hazardous area of the load.

Note:

Lifting capacity up to 20 tons, chain box and overload protection available on request.

Version with integrated power traverse, galvanised version and ATEX on request.
