

## Soldering station, Manufacturer's designation: ICON1MK2

### Order data

Order number	082301 ICON1MK2
GTIN	4003008153699
Item class	04K

### Description

#### Version:

Temperature-controlled soldering station with ceramic PTC heating element and internally-heated Ersadur long-life soldering tips (precise temperature control). Multifunctional high-performance soldering station, adjustable via microSD memory card. Intelligent power management for the connected tools. Intuitive one-touch operation and large multifunction display. The station meets ESD requirements. Temperature control with dynamic power management.

#### Application:

For all professional electronics and electrical soldering applications.

### Technical description

Weight without power lead	3 kg
Length	175 mm
Height	105 mm
electrostatic characteristic	EGB/ESD
Nominal voltage	230 V
Power consumption	80 W
Width	150 mm
Power supply	Mains-powered

Control range of soldering tip temperature	50 - 450 °C
Mains frequency	50 Hz
Type of product	Soldering station
