| GTIN         | 4037728070004 |
| Item class   | 08J           |

### Description

#### Version:

Flexible coolant hose system for precise transfer of coolant and air. Due to its **high-quality stainless steel** design, the hose system is also suitable for use in areas and sectors with high corrosion resistance and hygiene requirements. The most comprehensive system on the market with a total of 4 system sizes. Compatible with all common tool carrier systems. **The metal articulated hoses are also pre-locked, i.e. the coolant hose keeps its position even when not screwed in.** With the stainless steel design, the components achieve a much longer tool life and can also **be used at up to 50 bar high pressure.** Machine connection G1/8 for system size 0

#### Note:

Size SET-1 to SET-4 are pre-assembled complete cables for direct connection. All system sizes (0-3) with all corresponding individual components such as connectors, adapters or nozzles are available on request.
