

Energy absorber Skysafe Pro+ I lanyard, Length: 1,8m

Order data

Order number	098123 1,8
GTIN	4030281029281
Item class	09F

Description

Version:

A lanyard with a flexible arm and an ultra-compact strap energy absorber that covers a wide range of weights **from 50 to 150 kg**. The sewn-in **RESCUE LOOPS** allow the person who has fallen to be lifted with a rescue device, which relieves the load on the carabiner and facilitates rescue. **22 kN yield strength** before and after the dynamic fall. Limitation of the arrest shock in the event of a fall to **less than 6 kN. Edge certified.**

Skysafe Pro+ I lanyard. I version. Steel carabiner.

Standard:

EN 345, EN 355, EN 795
