Description

Version:

Eye-washes for indoors with high-performance shower heads for a limited, uniform jet of water. With integrated automatic volume regulator to ensure the correct jet height regardless of the water pressure, as well as integrated backflow preventer to protect the drinking water network. Rubber sleeves around the shower head protect the person seeking help from injuries caused by impacts. Dust covers open automatically due to the water pressure when the eye-wash is operated. Large holes in the shower heads prevent stagnant water and thus limescale. with 2 shower heads, collection basin and PUSH lever with long-lasting luminescence
