

Garant**Banded earplugs GARANT, Type: 28****Order data**

Order number	097682 28
GTIN	4067263129738
Item class	01E

Description**Version:**

Thanks to their innovative shape, the GARANT banded earplugs can be used in **all three common wearing positions**. This allows the band to be worn around the neck, over the head or under the chin depending on the requirement and/or personal preference. The shape of the earplug is based on the **anatomy of the auditory canal opening** and, together with the flexible band joint, ensures pleasant and complete coverage of the auditory canal. In combination with its low weight and anatomical band shape – in all three wearing positions – this results in a very comfortable fit. The surface of the earplugs is made from narrow-pored PU, which reduces the adhesion of dirt. **Replacing the earplugs for hygienic reasons** (replacement earplugs No. 097683 28) can be performed very quickly in just a few movements. UTC SNR = 29 dB (H = 30 dB, M = 25 dB, L = 24 dB). OTH SNR = 28 dB (H = 30 dB, M = 24 dB, L = 22 dB). BTH SNR = 28 dB (H = 30 dB, M = 25 dB, L = 23 dB).

Technical description

SNR value (noise attenuation)	28 dB(A)
Material of earplugs	Polyurethane

Type of product

Banded earplugs
