Order number	GG8016 5
GTIN	4067263137863
Item class	00N

Description**Version:**

GARANT GreenPlus **ultrasonic cleaner** – top performance with maximum flexibility. Do you work with complex workpiece geometries and delicate surfaces? Then the Sonic Cleaner series is made for you. The cleaning series from GARANT GreenPlus, specially designed for ultrasonic systems, includes alkaline, acid and neutral cleaners for a wide variety of materials and fields of application. Depending on the requirements and degree of dirt, the highly concentrated cleaners can be diluted and are powerful even at room temperature. This makes optimum use of the medium. Their long service life also saves time and money. All Sonic Cleaners are **hazard-label-free, biologically degradable, VOC-free and silicate-free**. For companies, this means the products are easy to handle and ensures both your employees and the environment are protected.

Sonic Cleaner AL-E, **alkaline emulsifying** cleaning concentrate for general-purpose ultrasonic applications with high material compatibility.

Feature:

Contents: 5 pieces

Application:

For ultrasonic cleaning baths.
