Description

Version:

Cleaning refers to the process of removing stains/spots and contamination from surfaces, machines or tools using wipes which are used either dry or with water, solvents or cleaning agents.

The perfect cleaning cloth for lighter, simple cleaning tasks. You use the cloth to remove dust or dirt

both wet and dry. It can be rinsed and reused again and again.

Select the combination roller for a smaller sheet size to avoid using more than is needed. The Tork cleaning cloth for simple applications is manufactured with the Tork exelCLEAN® technology. It

is a sustainable choice, as the CO2 emissions for exelCLEAN have been reduced by 28% since 2011. The

packaging is made from recycled materials.

Take advantage of Tork exelCLEAN® non-woven cleaning cloths for maximum efficiency in your working environment.

Advantage:

- **Our cleaning cloths for light to moderate cleaning tasks make everything easier and faster. Especially when it comes to product design.**
- **Soft and flexible, ideal for hard-to-reach areas.**

- **The cloths can be used both dry and in combination with cleaners and surface disinfectants.**
- **Thanks to their high capacity, the rollers last longer and do not need to be refilled often.**
