

Garant**Length setting gauge, Type: 65****Order data**

Order number	358989 65
GTIN	4069515013758
Item class	31E

Description**Version:**

For use on milling and drilling machines and lathes. On all magnetic surfaces such as toolholders, lathe chucks, vices and measurement jigs.

Advantage:

- **Quick, stepless adjustment (thanks to scaling and knurled screw)**
- **Can be used without tools – for easy handling.**
- **Magnetic base – for super-fast mounting and sturdiness**
- **No unnecessary disassembly of things like toolholders in order to replace a tool.**
- **Compact helper in inaccessible places.**

Application:

For setting tool lengths or as an end stop for the workpiece length.

Material:

Anodised aluminium.

Technical description

Cross beam overhang	33 mm
Adjustment range	25 - 65 mm

Data sheet

Overall length

70 mm
