

Storage box for rechargeable batteries, Type: 1

Order data

Order number	981124 1
GTIN	4003866405848
Item class	96L

Description

Version:

High-quality special aluminium container for **storing one or more lithium batteries**, such as rechargeable batteries for power tools and bicycles. Provides maximum fire protection and ease of use thanks to fire-resistant, one-piece interior design which prevents user error. No escaping flames or splinters. The temperature on the surface of the container remains below 200°C. The interior is absorbent, not electrically conductive and dust-free. Lockable catches, three sturdy sprung drop-handles. Transportation by road is possible for private individuals and tradesmen (according to ADR 1.1.3.1 c regulations). No type approval for transportation according to ADR or IATA.

Technical description

Width	600 mm
Weight	9 kg
Height	240 mm
Usable height	220 mm
Number of handles	3
Usable depth	350 mm
Depth	400 mm

Data sheet

Usable volume	20 l
Usable width	550 mm
Type of product	Aluminium case
