

Centring clamp Form B, Thread × length: M8X25

Order data

Order number	370054 M8X25
GTIN	4059245267811
Item class	37K

Description

Version:

Form B with cylinder head screw.

Advantage:

- **Pull-down effect.**
- **Quick and easy clamping of components.**

Application:

For centring and clamping a workpiece in the hole. High clamping forces are achieved by the wedge surfaces.

Material:

Heat treatable steel, burnished Hardened (33-39 HRC).

Note:

During the clamping process, the clamping force acts on specific points of the hole wall.

Technical description

D _{max}	22 mm
D _{min}	16 mm

Data sheet

H	11.5 mm
H ₁	10.4 mm
maximum clamping force	9 kN
L	15.4 mm
Width across flats AF	6 mm
Type of product	Jig clamping system
