

**Circular saw blade expert for Aluminium, Blade Ø D: 136mm****Order data**

|              |               |
|--------------|---------------|
| Order number | 583920 136    |
| GTIN         | 3165140957656 |
| Item class   | 54B           |

**Description****Version:**

Precision saw blade with high-strength, **noise and vibration suppressing blade body**. The tensioning ring incorporated ensure stability of the shape in all temperature ranges. The **coating** prevents adhesions, keeps the saw blade cool and protects it against corrosion. **Precision-ground carbide teeth** ensure a long working life and best quality of cut. For plunge-cut and portable circular saws.

**Application:**

Precise cutting in **aluminium** and other non-ferrous metals. Tooth form: Trapezoidal flat teeth with negative rake angle for easy and safe working with manual infeed.

**Note:**

**Further circular saw blades can be found in Group 17.**
