

**Universal hole saw set Power Charge Plus, Hole saw Ø: 22-32****Order data**

Order number	589807 22-32
GTIN	4059952536484
Item class	54B

Description**Version:**

Cutting holes in steel sheet is not comparable to other hole saw applications. In industrial environments or when working on vehicles, you need to be extremely precise. However, the material is usually very tough and damages conventional bi-metal hole saws. The EXPERT Sheet Metal PC Plus solves all these problems, because it is made of compact, high-quality technology. The EXPERT Sheet Metal PC Plus consists of a single cylinder made of turned metal for ultimate stability, robustness and accuracy. Extreme durability and the ability to cut the toughest grades of steel – thanks to carbide teeth that are individually sharpened and soldered to the body. This hole saw combines the best features in a compact design: It is durable, accurate and optimised for high-quality work on sheet metal. For use with the Power Charge Plus quick-release adapter from Bosch: for accuracy and robustness

Supplied with:

2 pcs. centre drill, 3 pcs. hole saw (Ø 22 mm, Ø 25 mm, Ø 32 mm), quick-release adapter.

Technical description

Series	Power Charge Plus
Hole saw Ø	22 – 32 mm
