

Bi-metal hole saw set Power Change Plus, Type: 20-76

Order data

Order number	589820 20-76
GTIN	6949509240705
Item class	54B

Description

Version:

Bi-metal hole saw set with Power Change Plus system in popular diameters. With hexagonal drive shank and HSS centre drill; in a plastic case.

Hole saw: HSS bi-metal hole saw with extremely high wear resistance and long working life.

Progressive tooth profile for quick cutting and ideal chip evacuation. The **Power Change Plus** system makes it possible for the hole saw to be changed quickly without using tools. Maximum depth of cut for all sizes **44 mm**.

Drive shank: The **Power Change Plus drive shank** permits change of holes saws and centre drills without the use of tools.

Centre drill: HSS-Co centre drill for steel and stainless steel. No tools needed for clamping in the drive shank.

Note:

Power Change Plus quick-clamping adapter and matching centre drill are required. You can find these in our eShop under the following item numbers: Power Change Plus quick-clamping adapter: No. 589795 size 14-152 and No. 589796 size 14-152 Centre drill with ejection spring: No. 589805 size HSS-CO.
