

**"Powerplate" centre protector for shafts for extractors, External Ø: 18mm****Order data**

Order number	881552 18
GTIN	4021176012761
Item class	83U

Description**Advantage:**

Rotating centre permits higher tensile forces. Easy extraction even where the centring hole is too large or is absent. Adheres magnetically to the desired position.

Application:

Perfect **protection of the centre** when extracting ball bearings, sleeves, pulleys and gears. Extracting the components **without damage**(protects the end of the shaft and the spindle)

Technical description

External Ø	18 mm
Type of product	Protective cap
