ESD swivel work chair TEXON, Supertec, with castors, low, Seat colour: ESD

Order data

Order number	972715 ESD
GTIN	4099883003952
Item class	96J

Description

Version:

Swivel work chair TEXON with interchangeable cushion system. The cushion elements are simply mounted and fixed with a click. Encapsulated mechanism thanks to Clean Cover; closed, smooth surfaces. Star base made of aluminium, anthracite. With ergonomic adjustment options: Seat height adjustment, Auto-Motion technology (backrest and seat move along with the body), Flex-Back (backrest can be locked in three different positions), anti-shock protection (backrest cannot shoot forwards unintentionally after the lock is released). Ergonomically shaped backrest. Seat with integrated pelvic support and rounded front edge of the seat.

Soft, load-responsive braked safety double castors for hard floors.

Seat and backrest of Supertec. Supertec is comfortable, soft, breathable, extremely tough, cut-resistant, easy to clean and non-slip. Thanks to its micro reinforcement, this material combines the advantages of fabric and integral foam. Discharge across all components.

Standard:

DIN 61340-5-1
