

Polarshine liquid surface polishing compound, Type: 35

Order data

Order number	552430 35
GTIN	
Item class	56M

Description

Version:

Polarshine 35 is a coarse polishing compound for demanding industrial and marine applications. Polarshine 35 is suitable for materials such as gel coats, high-gloss lacquers and composites. This product enables faster and more efficient polishing and produces a high surface gloss. By using Polarshine 35, you can minimise the number of sanding steps.
