

**Polarshine liquid surface polishing compound, Type: 8****Order data**

Order number	552430 8
GTIN	
Item class	56M

Description**Version:**

Polarshine 8 is the polishing compound for the perfect final finish. Polarshine 8 achieves a very high gloss level. Holograms are removed after only a short period of use. This polishing compound has well-balanced aggressivity and is perfect as the final step in the polishing process before the surface is sealed. Polarshine 8 is ideal as the second step in the polishing process if particularly high demands are placed on the surface.
