

Garant**ZeroClamp clamping stud, Type: 18M12/138****Order data**

Order number	360066 18M12/138
GTIN	4045197817235
Item class	310

Description**Version:**

The zero point clamping of the GARANT ZeroClamp system is an important function for modern production systems, especially in automated production. Thanks to a special contact interface, it ensures precise and reliable zero point repetition accuracy. The pneumatic clamping force of the system holds workpieces securely in the desired position, making it possible to change workpieces quickly and accurately without repositioning. This reduces the set-up effort and increases productivity. The zero point clamping of the GARANT ZeroClamp system is indispensable for efficient production processes. Find out more about the innovative technology from GARANT ZeroClamp and optimise your production.

Application:

For attaching the flexible clamp to the ZeroClamp zero point clamping system.

Suitable for:

Flexible clamps No. 360060 and 360064.

Technical description

Thread M ₁ external	M12
Thread M ₂ external	M12

Centre Ø D	18 mm
suitable for clamping pot Ø	138 mm
Series	ZeroClamp
Tolerance external Ø	K6
Type of product	Clamping studs
