

3M**PVC warning marker tape, Colour: WR****Order data**

Order number	083637 WR
GTIN	2050001712349
Item class	08M

Description**Version:**

The 3M™ coloured marking and floor marking tapes are ideally suited for use in situations of building maintenance and for improving safety within the plant. The special structure of the coloured PVC adhesive tapes resists scratching, abrasion, weather and most chemicals. Easy to apply, very supple even on uneven surfaces.

The adhesive tape is suitable for marking out hazard areas and material deposit areas, and for marking corners and edges.

Ideally suited to use areas that see little traffic from industrial trucks. The **3M™ 767i** is red and white striped.

Note:

The specified "best before" date for 3M™ products is in relation to compliance with the specified storage guidelines.

Technical description

Manufacturer's designation	767i
Length	33 m

Width	50 mm
Colour	white red
Thickness	0.125 mm
Type of adhesive tape	single-sided
Special features	supple
Special features	easy removal
Stretch capability	180 %
Adhesive	Natural rubber
Storage temperature	20 - 23 °C
Liner present	no
Backing material	PVC film
Working life after date of manufacture	12 mo
temperature-resistant up to	29 °C
Tensile strength	2.28 N/mm
Adhesive strength on steel	0.21 N/mm
Application	Identification
Application	Marking
Storage humidity	50 - 60 %
Type of product	Adhesive tape
