

**3M****Cleaning cloth, Colour: YELLOW****Order data**

Order number	089190 YELLOW
GTIN	4046719021956
Item class	08M

**Description****Version:**

With **patented polyester and nylon fibre combination**. The grease and dirt absorption is up to 100 times higher than with conventional cleaning cloths. Washable at up to 95 °C; size 360×360 mm; can be used with and without cleaning chemicals. Suitable for dry, moist or wet cleaning.

**Application:**

For **cleaning and polishing work** on all surfaces such as chromium, stainless steel, plastic, glass etc. Very high liquid absorbency. Ideal for varnished surfaces. Leaves polished surfaces free of lint and streaks, without creating micro-scratches on the surface.
