

Continuity tester

Order data

Order number	473264
GTIN	4045197554277
Item class	42I

Description

Version:

Compact tester in sturdy two-component housing, visual and acoustic indications. Easy to use due to crocodile clips, includes separate indicator lamp (red and green) for continuity and polarity testing at long distances, overvoltage protection 250 V.

Application:

Continuity testing of dead electrical wiring, etc. Polarity measurements of semiconductor elements such as diodes, transistors, etc.

Standard:

EN 61326-1:2013.

Supplied with:

1 battery 081551 size 6LR61.

Technical description

Continuity testing	$\leq 1.0 \text{ k}\Omega$
Overload protection	250 V
Number of batteries contained	1

Article no of the battery / rechargeable battery fitted	081551 6LR61
Power supply	Battery-powered
Type of product	Continuity and semiconductor tester
