

Garant**ZeroClamp alignment set, Slot width B / Clamping thickness S: 22/40mm****Order data**

Order number	360015 22/40
GTIN	4045197377166
Item class	310

Description**Version:**

The zero point clamping of the GARANT ZeroClamp system is an important function for modern production systems, especially in automated production. Thanks to a special contact interface, it ensures precise and reliable zero point repetition accuracy. The pneumatic clamping force of the system holds workpieces securely in the desired position, making it possible to change workpieces quickly and accurately without repositioning. This reduces the set-up effort and increases productivity. The zero point clamping of the GARANT ZeroClamp system is indispensable for efficient production processes. Find out more about the innovative technology from GARANT ZeroClamp and optimise your production.

Application:

For parallel alignment in the T-slots.

Technical description

Slot width B	22 mm
Clamping thickness S	40 mm
Series	ZeroClamp

Type of product

Alignment stand
