

Heel shock absorption, Colour: GELB

Order data

Order number	092813 GELB
GTIN	4044348269541
Item class	09C

Description

Version:

Exchangeable heel shock absorption, adapted to individual requirements in terms of weights and stresses. The outstanding shock absorption behaviour reduces the pressure within the shoe to a natural amount, thus selectively reducing the stress on the back and significantly reducing fatigue.

Can be used for the SECURA VARIO® system.

Technical description

Weight class	up to 57 kg
Type of product	Damper
