

**Garant****ZeroClamp clamping pot, Type: 12987/90I****Order data**

Order number	360040 12987/90I
GTIN	4045197430823
Item class	310

**Description****Version:**

All components made of stainless or corrosion-resistant steel. The zero point clamping of the GARANT ZeroClamp system is an important function for modern production systems, especially in automated production. Thanks to a special contact interface, it ensures precise and reliable zero point repetition accuracy. The pneumatic clamping force of the system holds workpieces securely in the desired position, making it possible to change workpieces quickly and accurately without repositioning. This reduces the set-up effort and increases productivity. The zero point clamping of the GARANT ZeroClamp system is indispensable for efficient production processes. Find out more about the innovative technology from GARANT ZeroClamp and optimise your production.

**Application:**

For individual incorporation in the clamping system.

**Technical description**

Clamping pot $\varnothing$ d	90 mm
Holding force	12.5 kN
Indexing hole available	yes
Series	ZeroClamp

Type of product

Clamping pot

---

### Accessories

Set of seals for clamping pot Ø 90 mm
