

Garant
ZeroClamp clamping pot, Type: 10012

Order data

Order number	360040 10012
GTIN	4045197415820
Item class	310

Description
Version:

All components made of stainless or corrosion-resistant steel. The zero point clamping of the GARANT ZeroClamp system is an important function for modern production systems, especially in automated production. Thanks to a special contact interface, it ensures precise and reliable zero point repetition accuracy. The pneumatic clamping force of the system holds workpieces securely in the desired position, making it possible to change workpieces quickly and accurately without repositioning. This reduces the set-up effort and increases productivity. The zero point clamping of the GARANT ZeroClamp system is indispensable for efficient production processes. Find out more about the innovative technology from GARANT ZeroClamp and optimise your production.

Application:

For individual incorporation in the clamping system.

Technical description

Indexing hole available	no
Holding force	25 kN
Clamping pot \varnothing d	120 mm
Series	ZeroClamp
Type of product	Clamping pot

Accessories

Set of seals for clamping pot Ø 120 mm

360044 120
