

Garant**ZeroClamp clamping pot, Type: 10148****Order data**

Order number	360040 10148
GTIN	4045197415837
Item class	310

Description**Version:**

All components made of stainless or corrosion-resistant steel. The zero point clamping of the GARANT ZeroClamp system is an important function for modern production systems, especially in automated production. Thanks to a special contact interface, it ensures precise and reliable zero point repetition accuracy. The pneumatic clamping force of the system holds workpieces securely in the desired position, making it possible to change workpieces quickly and accurately without repositioning. This reduces the set-up effort and increases productivity. The zero point clamping of the GARANT ZeroClamp system is indispensable for efficient production processes. Find out more about the innovative technology from GARANT ZeroClamp and optimise your production.

Application:

For individual incorporation in the clamping system.

Technical description

Holding force	25 kN
Clamping pot \varnothing d	120 mm
Indexing hole available	yes
Series	ZeroClamp

Type of product

Clamping pot

Accessories

Set of seals for clamping pot Ø 120 mm

360044 120
