GTIN	033552021094
Item class	09A

Description

Version:

The earplugs with very high noise attenuation are up to **40% softer** than comparable products and therefore very pleasant to wear. The easily visible warning colour makes it easier to check that they are being worn. The cylindrical shape means that the earplugs fit ideally into the auditory canal. SNR = 30 dB (H=31dB, M=27dB, L=25dB). **Dispenser box with 200 pairs, hygienically packed in pairs in PE bags.**
